Over the Door Shoe Hanger

These are for shoes, but I use them every where on the back of closet doors or even an open wall in a closet.

Under the Bed Storage

Good for seasonal items!

Stackable Storage Cubes

I use these in my guest closet for off season. Stack two, I put a thick piece of cardboard between the two.

Storage Bench

Good generic option if you also need somewhere to sit in your closet/room.

Tall Cubbies

This can go in a closet or anywhere, and these will hold folded jeans too. These are good for short booties/ankle boots too in most cases.

Storage Cubes

I have these stacked floor to ceiling in my closet, for my shoes and rolled up jeans.
